2. Keeping in view the large number of candidates and requests received from the candidates for changing their Centres as well as requests received from candidates for open centres at Kolkata and Jaipur being more than their capacity, the Commission has decided to give an opportunity to the candidates, if they wish, to submit their revised choice of Centre for the Recruitment Test. The requests of the candidates for change in their Centres will be considered against the available capacities at the existing Centres as well as new centres which have been added. The Recruitment Test will now be held at 72 centres across India. 49 centres having available capacity will be opened in the first phase. In the second phase, after

adjusting the options given by the candidates, other centres shall be opened as feasible.

3.
